Dear Debra,

This email is in response to your inquiry about three of the photographs submitted on behalf of Ashurst Bar/Smith Community Organization in support of their complaint.

As the screen shot for DSC0005.jpg indicates, these three photographs were taken on Saturday, October 7, 2006, not 2016. We apologize for the error. Though they are older than we initially thought, they reflect the fact that these problems have persisted over many years, under one permit granted by ADEM after another. These are not new issues but they are persistent and can be expected to continue.

We would note, also, that on October 11th we submitted a number of additional photographs on behalf of ABSCO in three separate emails documenting more recent examples of inadequate cover during non-working hours.

We will follow up in the coming days with additional information responsive to your questions.

Please feel free to call or otherwise contact me with any additional questions.

Sincerely,

Marianne

Marianne Engelman Lado
